GENERAL ANNOUNCEMENTS

PSOM Community Dialogue on Racism, Racial Justice and Social Equity – June 8 at 5PM

Please join University Provost Wendell Pritchett, Dean J. Larry Jameson and Vice Dean for Penn Medicine Office of Inclusion and Diversity Eve Higginbotham for a

Virtual PSOM Community Dialogue on Racism, Racial Justice and Social Equity

Monday, June 8th

5 PM to 6:15 PM

[Virtual Forum Link](#)

This is one in a series of community forums to discuss, acknowledge and better understand how issues such as structural racism, implicit bias and social determinants impact Penn Medicine's community of faculty, students, staff – and the health of the patients and communities we serve – as we work together to achieve a more inclusive and impactful university and community.

Peer Support Network - Opt In Survey

In response to the graduate student research resumption opt-in process developed by BGS, a group of concerned students have developed a new initiative, called the Peer Support Network (PSN). PSN is a student-founded and run volunteer group initiated to provide support and guidance to BGS students during the research resumption process.

PSN has developed the following anonymous survey that we kindly ask all BGS students to take:

https://upenn.co1.qualtrics.com/jfe/form/SV_bxZWb6RIU4DKXRz

This anonymous survey will gauge your level of comfort with the Research Resumption Opt-In process. The results from this survey will

- 1) provide insight into the challenges BGS students face during this troubling time and
- 2) determine the services the Peer Support Network will provide to support BGS students.

This survey should take approximately five minutes to complete.

If you have any further questions and/or are interested in volunteering with PSN, please email us at bgspeernetwork@gmail.com.

Warm wishes,
Peer Support Network

CAPS Counselor for BGS Students

Tiffany Brown, PhD, psychologist at CAPS, remains available to meet with BGS students virtually.

Dr. Brown's services are confidential. She will work with BGS students to provide initial consultation, support, brief counseling, and referral services. In order to set up an appointment with Dr. Brown, you may call CAPS at 215-898-7021 or email her directly at nicobr@upenn.edu.

ITMAT Education – TL1/T32 Slots Available for Certificate in Regulatory Science

Deadline: June 22

Due to COVID related concerns, deadline extensions will be considered.

ITMAT Education's Certificate in Regulatory Science provides PhD students with training to build upon their scientific expertise and prepares them to understand regulatory strategy, the execution of clinical trials, and approaches to translate early discoveries and preclinical investigations into therapeutics. This program is designed for PhD students who wish to pursue regulatory science careers in academia, the pharmaceutical & biotechnology industry, consulting and legal industries, and federal agencies.

The certificate includes a one-year engagement in a regulatory science research project (a new research project or as an additional aim to research currently being conducted) and four courses. TL1 appointees will receive one year of funding including a stipend per NIH policy and tuition funding to cover the cost of the certificate.
